The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (<http://mhc-macris.net/macrisdisclaimer.htm>)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. THE ACT OF CHECKING THIS DATABASE AND ASSOCIATED SCANNED FILES DOES NOT SUBSTITUTE FOR COMPLIANCE WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

Draw a map of the area indicating properties within it. Number each property for which individual inventory forms have been completed. Label streets including route numbers, if any. Attach a separate sheet if space is not sufficient here. Indicate North.

AREA FORM

ARCHITECTURAL DESCRIPTION ☐ *see continuation sheet*

Describe architectural, structural and landscape features and evaluate in terms of other areas within the community.

This pair of houses is an excellent example of two variations on a popular 1920's house-type, the small Dutch Colonial Revival. They stand with their sides to the street, facing a common drive that was formerly a short side street. Both houses are gambrel-roofed, 1 1/2-stories with 1-story end ells, and clad in wood shingles. An unusual note is their dressed granite foundations, which may be a re-use of the foundation blocks from the large mid-nineteenth-century house that preceded them on the lot. The main differences between the houses are found in their window and door detail. The facade of #324 has three-part polygonal bay windows at the first story, paired 6-over-6-sash at the second; (ts shutters are modern.) #330 has paired 6-over-6's at the first story, 8-over-8-sash at the second, and paneled shutters with pierced designs. The entry of #324, in a Tuscan-columned, shed-roofed vestibule, has a multi-light door flanked by 2/3-length sidelights. #330's entry has a 6-panel door, also with 2/3 sidelights, but is adorned with a broken-pedimented hood on square pilasters. The gable ends of #324 have a "clipped," or "jerkin-head" profile, and a 1-story east ell, built some time after 1927, projects from the rear.

HISTORICAL NARRATIVE ☐ *see continuation sheet*

Explain historical development of the area. Discuss how this area relates to the historical development of the community.

#s 324 and 325 Main Street occupy what was formerly one house lot, on which the house of Albert Tolman (later Joseph B. Wood,) stood until early in this century. That house was replaced in 1925-1926 by these two buildings facing a short street of their own, called Pine Lane. The street was discontinued some time in the middle of this century, to become the common driveway seen today.

Both houses were apparently built on a speculative basis by the same builder. #324 is believed to have been purchased by Clement Ford for his sister, Mrs. Fred Millett. The earliest owners shown in town directories for either house, however, are bond salesman **Andrew Raymond** and his wife **Harriet**, and engineer **George** and **Elizabeth Parson**. Both families are listed as living here in 1926. By 1928 **Malcolm** and **Margaret McGann** lived in one of the houses, and in 1936 #324 was sold to "Mrs. Bowker".
